Ref. No.: ITS/DSML/**1545**
Date : 10 November 2026

Dear Aakash,

Subject: Project Assignment for Internship

Congratulations and welcome to Infotact Solutions!

We are pleased to have you join our organization as a **Data Associate L1. Intern** in the **Data Science & Machine Learning domain.** We are confident that your internship with us will provide valuable industry exposure and hands-on experience while enabling you to develop technical and professional competencies.

As part of your internship, you are hereby assigned the following project.

PARTICULAR	DETAILS
Internship Role	Data Associate L1. Intern
Internship Domain	Data Science and Machine Learning
Duration	3 Months
Project completion duration	1 Month
Start Date	10/11/2026
End Date	10/12/2026
Project Name	TerraSpectra: Hyperspectral Crop Disease Forecasting

Project Objective :

The objective of this project is to provide practical exposure to real-world Data Science and Machine Learning workflows. During the internship, you are expected to analyze data, develop machine learning models, evaluate their performance, and document your work in accordance with industry standards.

Scope of Work :

As an intern, your responsibilities include, but are not limited to:

- Understanding the project requirements and objectives.
- Collecting and preprocessing relevant datasets.
- Performing Exploratory Data Analysis (EDA).
- Designing, developing, and evaluating Machine Learning models.
- Documenting methodologies, findings, and outcomes.
- Maintaining proper version control and code documentation.
- Submitting periodic progress updates to the assigned mentor.
- Completing the project within the stipulated timeline.

Deliverables :

Upon completion of the project, you are required to submit:

- Source Code (if applicable)
- Project Documentation
- Project Report
- Presentation (PPT)
- Model Evaluation Results(If applicable)
- Final Project Demonstration (if applicable)

Performance Evaluation :

Your internship performance will be assessed based on the following parameters:

- Attendance and punctuality
- Technical competency
- Quality of deliverables
- Innovation and problem-solving ability
- Communication and teamwork
- Adherence to project timelines
- Documentation standards
- Final project review and presentation

Terms & Conditions :

- The assigned project must be completed within the specified duration.
- All work submitted must be original and free from plagiarism.
- Confidential information obtained during the internship shall not be disclosed to any third party.
- Interns are expected to comply with all company policies and maintain professional conduct throughout the internship.
- Successful completion of the internship is subject to satisfactory project performance and evaluation.

We welcome you to the Infotact Solutions family and wish you a rewarding learning experience. We are confident that this internship will contribute significantly to your professional growth and career development.

Should you require any clarification regarding your project, please feel free to contact your assigned mentor or the HR Department.

We wish you every success in your internship.

Sincerely,

Ms. Jyotirmayee behera
(Human Resource Manager)
